Only Largemouth, Smallmouth and Spotted Bass, Red Eye or Shoal Bass will be weighed where permissible by state law. Length and bag limits of eligible fish will be set for each tournament and will be announced at each event. Every boat must have adequate livewell space, properly aerated, to sufficiently maintain, in a healthy condition a limit catch by competitors using the boat. NBAA recommends the use of livewell additives to promote a healthy release of all fish to their natural habitat. Further NBAA recommends the use of ICE to cool livewell water and improve oxygen levels during “warm water” months. Tournament Director shall have the sole responsibility for determining whether aeration and capacity is “proper and adequate”. Tournament Officials shall also have sole authority for assessing penalty points. All fish caught and weighed in at an NBAA event must be released at the official weigh in location. Failing

At the end of the season if there is a tie between two or more teams in equal points, then overall weight of the teams will be the deciding factor.

TEAMS: Teams must be declared at the first event fished in any one division by either member of the team. If both members of the team are present for any event in a specific division that they have declared themselves as a team they must fish together for their points to count towards their total team points.
